

People or Profit?

The Socialist Party urges a truly democratic society in which people take all the decisions that shape their lives. This means a society without rich and poor, without owners and workers, without governments and governed, a society without leaders and led.

In such a society people would cooperate to use all the world's natural and industrial resources in their own interests. They would free production from the artificial restraint of profit and establish a system of society in which each person has free access to the benefits of civilisation.

Socialist society would mean the end of buying, selling and exchange; an end to borders and frontiers; an end to organised violence and coercion, waste, want and war.

You can use your vote to show you want to overturn capitalism and end the problems it causes once and for all. When enough of us join together, determined to end inequality and deprivation, we can transform elections into a means of doing away with a society of minority rule in favour of a society of real democracy and social equality.

If you agree with the idea of a society of common and democratic ownership where no one is left behind and things are produced because they are needed, and not to make a profit for some capitalist corporation, and are prepared to join with us to achieve this then join our write-in vote for socialism by writing **WORLD SOCIALISM** across your ballot paper.

Object: The establishment of a system of society based upon the common ownership and democratic control of the means and instruments for producing and distributing wealth by and in the interest of the whole community.
